The Skirt Review Says:

"At no time in the history of ready-made dress skirts has the rapidity of change of styles been so apparent. The conflict between common sense and fashion has produced ideas which seem in direct harmony with the majority—the long and short of it is the bone of contention, and from the present outlook the rainy day skirt will walk away from its traveling competitors."

Pittsburg Glassblowers Ready to Withdraw From the Order-Resolutions Adopted Bearing on the Subject - E. E. Burley Discusses bor as local No. 368, came to Washington Consequences of the Action, and lent the whole strength and influence

The action of the glass blowers of Pittsburg, who are reported to be preparing of Labor, has been discussed with much interest by the local members of the order during the last week or ten days. The crganization of glass blowers is admitted by the leaders of the two factions of the order to be the strongest body connected with the order, and its influence played a prominent part in the dissensions which took place last spring. When the factions were warring the glass blowers came to have expelled from the order of the Knights of Labor John N. Parsons and other to the content of the Knights of Labor John N. The latter, considerable effort was made by both factions to enlist the support of the different tions to enlist the support of the suppo port of the local members of the order It is stated that on August 7 a meeting of the Window Glass Workers' Associa-tion was held in Pittsburg, and that from the action taken it is concluded that that ization intends to withdraw its cupport from Hayen. This conclusion is based upon the following preamble and resolu-

the meeting of the glass blowers:

Whereas there is and has been an attempt made by some members and some ex-members of the Knights of Labor to disrupt the window glass workers, Local Assembly 200, Knights of Labor, and behaving that it may require quick and prompt action to protect the interests of a majority of our members against people whose sole object is to control or disrupt, our organization, and relying on the support of a large majority of our members the executive board as a matter of protection recommend the following resolution favorable to the members and require their support of the same:

"Resolved, That the president, secretary, sind a majority of the members of the executive board at an advantage of the case of the executive board of Lacal Assembly 200 be hereby given full authority to sever and withdraw from connection with the Knights of Labor whenever they decide it is to our best interests to do so, and that when all danger of complications be passed they shall have full authority to reaffiliate with the Knights of Labor, the organization shall be conducted under the by-laws, as revised at the Philadelphia convention of 1800, and anonding to our wage agreement rules and usages, as hereforer. SHORTER HOURS DESIRED.

The Inspectors of Gas Meters Complain of Too Much ! abor.

Bernard Waters and Thomas A. Ritchie, Assistant Inspectors of Gas Meters, have communicated with the Commissioners, complaining of the long hours in their office and asking that they be made the same as in other branches of the District gervice.

"that the long hours of work in this office are very laborious, especially at this reason of the year, and we ask that the hours of opening and closing the office may be made the same as in other branches of the District government, namely, 9 a. m. S. Calvert Ford, Inspector of Gas Meters,

in forwarding the request to the Commis-sioners, recommended that it be granted. The request was yesterday passed upon by the Attorney for the District, who gave his opinion as to the authority of the Commissioners to grant the request, "There seems to be no law requiring as inspectors to labor longer such day than the employes of any other branch of
